

Welcome Back!

-Project 3 Final Questions

-Synthesis of Project 3 Readings

First off..

- ❖ Deadline pushed back to Saturday, November 23rd at 11:59PM
- ❖ To turn in your site, put your Google Site in the Google Drive (Using duplicate site)
- ❖ As a reminder:
 - ❖ Intro (at least 350 words)
 - ❖ Semantic (at least 350 words, original graphic)
 - ❖ Bibliographic (at least 350 words, original graphic)
 - ❖ Affinity Based (at least 350 words, original graphic)
 - ❖ Choric (at least 350 words, original graphic)

Introduction

- ❖ Simple formula:
 - ❖ Give a brief summary of the article!
 - ❖ Link to the article, so the reader can check it out for themselves
 - ❖ Provide the reader with a roadmap for the article
 - ❖ “First, I will discuss the bibliographic section, in which I examine some of the sources in this text with the aim of.... Then I will discuss the choric section, in which I characterize the year 2013 as an era of evolution for the animal kingdom...”

Bibliography

- ❖ Use MLA format, or another widely accepted citation format
 - ❖ [Purdue Owl Website](#)
- ❖ Citations can be pulled easily from [JSTOR](#), or be computed using [EasyBib](#)
- ❖ If images are used from outside sources, you MUST cite these in your bibliography at the bottom of each page
- ❖ Place bibliography in the footer of EACH PAGE

Graphics

- ❖ Remember that graphics should be original
 - ❖ If a collage / synthesis of images is provided, or images are generated from elsewhere, that is fine — but you must use at least 3 images, and put them together in a cool way

- ❖ Captions!
 - ❖ Describe fully what's going on in the picture

- ❖ You can do whatever you want for the Worknets, not just generate the cumulative graphic like in the example site

Analysis

- ❖ What are word clouds?
 - ❖ What's the point of a word cloud?
 - ❖ Simple formula:
 - ❖ Describe graphic
 - ❖ Describe broad understanding learned from graphic
 - ❖ Compare and contrast this understanding with your understanding of the article before you had the graphic
 - ❖ Consider: which words are more frequent than expected? Less? Which words seem like they're missing? Which words seem like they *must* be there?

Bibliographic?
Affinity based?
Choric?

Synthesizing Readings

Racial Terror Lynchings

Racial terror lynchings were not limited to the South, but the Southern states had the most in the nation: over 4,000 between 1877 and 1950.

Reported lynchings by county
1 – 4
5 – 9
10 – 19
20+

Journal Writing (10 minutes)

- ❖ Reflect on the readings we have done so far this project. How have these pieces used text, image and sound in tandem? What techniques have you learned from these readings? Which of these techniques can we apply to Project 3?
- ❖ Next, partner up to discuss
